Experience Letter

I am writing this letter to endorse Mr Puspha Raj Pandeya, who worked as a Freelance Data Analytics Consultant at Dekods Inc. Pvt. Ltd. from January 2023 to February 2023. During Puspha's engagement with our company, he showcased exceptional skills and made significant contributions to a UNICEF initiative focused on upgrading various infrastructures in rural communities of Nepal.

As a Freelance Data Analytics Consultant, Puspha played a crucial role in cleaning and processing multiple record files for the UNICEF initiative. His expertise in using Pandas and Python allowed him to perform comprehensive exploratory data analysis while creating efficient data cleaning and transformation scripts. His attention to detail and dedication ensured the accuracy and reliability of the processed data. Furthermore, Puspha successfully designed and implemented a PowerBI dashboard for the UNICEF project team.

Throughout his engagement, Puspha demonstrated exceptional professionalism, adaptability, and a commitment to delivering high-quality results. Based on his outstanding performance, I have no hesitation in recommending Puspha for future data analytics or consulting roles. His ability to handle complex data, perform in-depth analysis, and present insights in a clear and compelling manner make him a valuable asset to any project or organization.

Please feel free to contact me at acharya@dekods.com or +977-9802032841 if you require any further information or have any questions.

Thank you.
